

Scope of Organisation

Rhopoint Components business facility is based in West Sussex where they provide stockholding and supply of precision electronic components, sensors, and associated products to an international customer base.

Rhopoint Komponenten business facility is based in Bavaria Germany and offer a large majority of Rhopoint Components products, with stockholding and supply being aligned to Rhopoint Components business activities to provide product distribution to their customers throughout certain areas of Europe and production activities to customer requirements.

Design and development are not part of Rhopoint Components or Rhopoint Komponenten's business function and are therefore not applicable to the scope of their Quality Management System.

Quality Policy

Rhopoint Components Ltd and Rhopoint Komponenten GmbH aim to ensure that we meet our customers' needs, expectations and requirements at all times including statutory and regulatory requirements. Rhopoint shall endeavor to provide timely support and direct feedback to customer enquiries to continually improve customer satisfaction.

Quality throughout the organisation is the responsibility of every employee throughout their day-to-day activities. All employees will be appropriately trained through on-going training and development programmes so they understand the relevance and importance of their undertaking and how they contribute to the achievement of the organisation's quality objectives and customers' expectations. This shall be achieved through effective implementation, ongoing maintenance, and continual improvement of our Quality Management System.

This quality policy is a key part of Rhopoint Components and Rhopoint Komponenten's overall company strategy and is reviewed by top management for its suitability and effectiveness in achieving the organisation's business and quality objectives.
